Fibre R.T. Insulation
 (UL/ULC certified)
 R4.2 per inch
 R6 per inch with metalized film

- Available with vapor barrier
- Easy install
- No handling safety requirements
- Friction fit in stud cavity and efficient install time
- Accoustic NRC .65
- No sagging
- Fire rated (ASTM E84 flame spread)
- Recyclable
- Custom size available

R6/inch Metalized Fibre Insulation

Technical Data

Properties	Standards	Values
Thermal Resistance	ASTM C518	R4.2 per inch: R6 when laminated to metalized film
Fire Rating	ASTM E84	Flame Spread <25, Smoke <50
Acoustic NRC		0.65
Corrosiveness, Fungi Resistant	ASTM C665, C1338	Pass, Pass
Temperature Resistance	ASTM C411	0.24%
Volatile Organic Content	ASTM C5116, CA1350	Up to 250° F
Greenguard Certification		Compliant CS

Cavity Walls

Metalized Film & Vapour Barrier
